The new series of Kanlux DERATO luminaires is reminiscent of the RETRO style. These are luminaires in two colors: white and black, which have from 1 to 4 light points. Kanlux DERATO single-point lamps will also successfully fulfill the role of a wall lamp. Large lampshades of these luminaires also offer great possibilities for the use of various light sources with an E14 cap (max 8W). Kanlux DERATO luminaires use a quick mount terminals for convenient and quick installation. An additional advantage is the very wide possibility of directing the lampshade to any place (two rotation axes: 350 and 110 degrees).

GENERAL DATA:

Colour: black / silver

Place of assembly: wall mounted, ceiling mounted

Place of application: Indoors

Minimum distance from the illuminated object : 0,5m

Diameter [mm]: 110

TECHNICAL DATA:

Rated voltage [V]: 220-240 AC

Rated frequency [Hz]: 50

Maximum power [W]: max 8

Class of protection against electric shock : I

Light source included: no

Cap: E14

Ambient temperature range to which the product can be exposed: 5÷25

Enclosure material: aluminum alloy

Connection type: Terminal block

The fixture is movable horizontally [°]: 350

The fixture is movable vertically [°]: 110

IP class: 20
