

Wall & ceiling lighting fitting

Kanlux SEMPRA is a series of elegant spots in black and white or black and silver. Thanks to the original slat, on which the lampshades are mounted, all models will be perfect for both ceiling and wall applications - this gives us new possibilities of arranging room lighting. A very interesting solution is the possibility of vertical mounting of a luminaire with up to 4 light sources on the wall.

GENERAL DATA:

Colour: white

Place of assembly: wall mounted, ceiling mounted

Place of application: Indoors

Minimum distance from the illuminated object: 0,5m

Replaceable light source: yes

Light source included: no

Length [mm]: 305

Height [mm]: 120

TECHNICAL DATA:

Rated voltage [V]: 220-240 AC

Rated frequency [Hz]: 50

Maximum power [W]: 2 x max 35

Class of protection against electric shock: I

Light source: PAR16

Cap: GU10

Ambient temperature range to which the product can be exposed: 5÷25

The fixture is adapted to the light sources of the following energy classes: A++,A+,A,B,C,D,E

Enclosure material: steel

Connection type: Bolt terminal block

Range of sections of wires used [mm²]: 0,75÷1,5

The fixture is movable horizontally [°]: 310

The fixture is movable vertically [°]: 90

IP class: 20
